MRS. JOHN A. LOGAN.

Mrs. Logan was born in Sturgeon, Mo. in 1838, and is therefore forty-nine years of age, being twelve years younger than her late husband. In 1853 she was sent to the St. Vincent College, and graduated two years later. Her father, Capt. John M. Cunningham, served in the fierce Black Hawk war and in the Mexican war, and was a member of the Illinois Legislature in 1845-46. When still a child Mrs. Logan assisted her father in the duties of Sheriff of the county, and became acquainted at that time with John A. Logan, who was then prosecuting attorney of the same county, an intimacy springing up between them resulting in their marriage in 1855, when she was but sixteen years of age.

The young wife was both companion and help-mate to her husband, and in 1856 she saw him elected to the state legislature.

During the war Mrs. Logan took every opportunity that offered to be with the general during his campaigns. At Cairo five hundred of the general's regiment suffered from an epidemic of measles, whose wants and comforts were nobly administered to by Mrs. Logan, aided by the assistance of kind hearted ladies of Carbondale. She also ministered to the sick and wounded in the Memphis hospital in 1863, and lent her aid to her husband's cause on every possible opportunity. She never failed to attend to her first of all womanly duties of the wife and mother. Her children were educated under her direct supervision, and her household duties were paramount to all others. Mrs. Logan expects to leave Washington for Chicago the day after the memorial services for the general in the Senate, which will take place Wednesday, Feb. 9. It is understood that while in Chicago she will decide finally about the last resting place for Gen. Logan. Her life has been full of adventures in war and politics that few women have experienced, and she can relate them in the most graphic way, and it is rumored that she may be prevailed upon to write a book of her reminiscences of the war.

Three years ago next May, two boys were convicted at Milwaukee for shooting and robbing, and sent to State Prison. On Jan. 25, Father Decker, of St. Anthony's Roman Catholic church in that city, announced that the boys are innocent, and that the guilty man had made himself known to him through the confessional, but he refuses to give his name. He has asked the Governor to pardon the boys. At the trial the detectives testified that the boys confessed their part in the shooting and robbery. The two boys said the confession was forced from them, that for ten days they were beaten, starved, hung up by the thumbs, and otherwise ill treated, and they confessed to escape starvation. Twenty witnesses testified to an alibi, but they were convicted. One of the boys is said to be dying from consumption.

The Directors of the Northern Pacific Railroad have voted to invest $100,000 in seed wheat for the benefit of the farmers of Dakota west of the Missouri and eighty miles east of that river. Hail-storms and drought destroyed the fall wheat crop in that section, and with such assistance as the Northern Pacific has decided to give them, the farmers would find themselves in a very tight place. In return for the seed wheat the farmers will return bushel for bushel out of the crop grown for it.

The "surplus" we hear so much of is not likely to trouble us long, if Congress continues to squander the people's money on newly invented Pension laws. The condition of things is getting to be little less than scandalous. We have no standing army, but we are now spending, in pensions to old soldiers, very nearly as much as some great nations of Europe pay for the entire support of its army. The present annual cost of pensions is $75,000,000, and the evening post shows that the proposed law would probably raise it to at least $147,000,000. which is greater than any of the great nations of Europe pays to support its army.—Ex.

The anti-polygamy bill which has passed the House is the Tucker substitute for the Edmunds Senate bill. It provides for the registration of all marriages under penalty, and makes the lawful husband or wife a competent witness against a party accused of bigamy or polygamy. It abolishes woman suffrage, and annuls the law conferring on the territorial courts the power to determine divorce cases.

The Character of Business Changed.

Said a merchant yesterday: "Do you know that Prohibition is changing the character of business in the inferior towns? Wherever Prohibition has been adopted the money formerly expended for whiskey is devoted to something else, and this has given rise to larger general business, and in some instances, new business. One country merchant told me this week that he sells 50 pairs of children's shoes, where he formerly sold one. The fathers used to drink up the shoe money and the children went barefoot. He said also that he sells quantities of women's hats and bonnets, and never sold anything of the kind before Prohibition was adopted. The husbands had no money, so the wives made their own bonnets out of calico and splits; now there is no gallon jug under the bed, and women have decent headgear and even ribbon. That is a solid fact and is a whole sermon if you choose to lengthen it out a bit."—From the Mobile, Ala., Register.

NOTHING SUCCEEDS LIKE SUCCESS.—It has heretofore been a mystery to us why STRANGERS are generally charged so extravagantly by HOTELS in large cities. Happening a short time since at the GALT HOUSE, corner of Sixth and Main Streets CINCINNATI, OHIO, managed by W. E. MARSH, Jr., son of the proprietor who established the Galt House FIFTY years ago, the mystery was solved. The accommodations at the GALT HOUSE ARE EQUAL in every respect to the best TWO DOLLAR per day hotel, and yet the charges are only ONE DOLLAR AND FIFTY CENTS per day for meals and room; single meals THIRTY-FIVE CENTS. The GALT is HEADQUARTERS for the most complete meals, which, together with FREE use of PAROR, OFFICE, CHECK-ROOM, etc., constitute the greatest BARGAIN obtainable in the city. The solution is easy when the facts are known, The GALT is run exclusively in the interest of STRANGERS, the same RATE being charged per day, at all times, to EVERYONE Whatever will produce a reasonable RENT for the property is the EXTENT of its charges, thus doing away with the usual LESSEE'S profits. Its management is constantly under the immediate and personal control of the OWNER, W. E. MARSH, Jr. Its employes being paid according to the volume of business, are efficient and reasonable in cost. The above peculiarities, a low, UNIFORM price, a reasonable RENT-charge ONLY, a rigorous and practical supervision of its internal affairs, and CO-OPERATIVE salary payments, have secured for the GALT a fair transient trade, and the experiment is a success, producing RENT for the real estate To this benefactor, who has made it possible to stay TWO DAYS in the city at the usual expense of ONE, we heartily recommend our friends.

HALL'S

There is more Catarrh in this section of the country than all other diseases put together, until the last few years was supposed to be incurable. For a great many years Doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure now on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address,
